

DOOR CLOSER GEZE TS 1000 FD

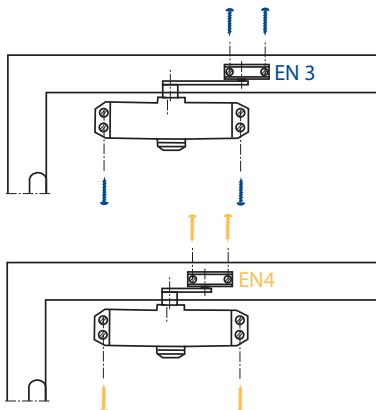

Surface mounted door closer for standard and fire doors – safe to operate and particularly favorable

The rack-and-pinion door closer GEZE TS 1000 FD is the well-priced but reliable solution for standard and fire doors. Only one small-sized model to cover closing force EN 3 and EN 4 can be used for door leaves up to 1100 mm. Full controlled closing speed and latching action are adjustable when installed. The GEZE TS 1000 FD is available as complete packaging kit in silver, dark bronze and white RAL 9016 colour. As an option the closer can also be delivered with hold-open arm.

Application range

- For standard doors
- For smoke and fire doors
- For doors made of timber and metal
- For leaf width up to 1100 mm
